

COMPANY PROFILE

Email : tylercon@mweb.co.za

Welcome to **TYLER CONSTRUCTION**, formerly known as **T.C. Maintenance**, established in 1996 and rebranded as Sokoza Building Projects. Under the leadership of our motivated Director, *Tyler Naiker*, we have evolved into a company dedicated to providing professional and personalized services tailored to meet our clients' needs

Tyler Naiker

About Company

TYLER CONSTRUCTION boasts over 20 years of experience, successfully navigating through competitive landscapes with our strategic pricing and unwavering commitment to quality workmanship.

Our primary objective is to exceed client expectations, driven not only by profit but also by a noble intention to enhance service delivery in an industry that often falls short.

Our team takes pride in our stellar track record of client satisfaction, and we continuously strive to uphold our reputation for excellence.

We firmly believe that trust and customer satisfaction are the cornerstones of enduring business relationships, laying the foundation for long-term partnerships.

VISION

Our goal is to lead the construction industry by surpassing expectations with outstanding customer satisfaction, delivering innovative solutions that consistently meet our clients' needs.

MISSION

Our aim is to be the top choice in the construction market by offering unparalleled service, enhancing our team's skills with diverse, innovative, and results-oriented personnel committed to delivering excellence.

At TYLER CONSTRUCTION, we have established ourselves as a reliable name in the industry, thanks to our quality-driven approach to service delivery.

Our dedication has earned us prestigious clients in and around KZN, a testament to our commitment to excellence.

We possess the capability to meet specific client demands while ensuring quality and efficiency in our services.

Our team is committed to adopting innovative techniques to enhance the overall service delivery experience for our clients.
